Investment Philosophy and Objective

The fundamental investment objective of the Fund is to provide long-term capital appreciation by investing, directly and indirectly, in precious metals. This Fund invests primarily in common shares of companies engaged in the precious metals business or in precious metals in the form of bullion, coins or storage receipts. Precious metals are gold, silver, platinum and palladium. Investments by the Fund in common shares are made primarily in North American companies which, in the case of producers, may derive a substantial portion of their revenue from sources other than the production of precious metals. From time to time the Fund may invest, to a lesser extent, in other kinds of securities (including preferred shares and debt securities) to achieve its investment objective. The Fund will be managed in a manner to achieve optimum diversification.

Portfolio Manager **Mr. Robert Cohen** CFA ® MBA MinProc robert.cohen@1832.ca

Robert has over 25 years of experience in the mining industry and joined Dynamic in 1998 as a member of the global equities team. Robert is the lead Portfolio Manager for the Dynamic Precious Metals Fund and Dynamic Strategic Gold Class. He is also co-manager of the Dynamic Strategic Resource Class and DMP Resource Class.

With a degree in Mining & Mineral Process Engineering from the University of British Columbia (1992), Robert has worked as a Mineral Process Engineer at both copper and gold mines across Canada, Chile and Australia for companies including Lac Minerals, BHP, and Aurex Resources.

Start Date
01-Jan-00

Robert also completed a Master of Business Administration from the University of British Columbia in 1998 and the Chartered Financial Analyst designation in 2003.
