## Investment Philosophy and Objective

The Precious Metals Champions Fund is an open-end fund incorporated in Liechtenstein. The Precious Metals Champions Fund offers the investor the opportunity to participate in an actively managed portfolio of mining companies active in the precious metals sector and this in a pragmatic sustainable way. This means considering sustainability criteria without losing sight for return. The Fund's objective is to achieve long-term return.

A portfolio of precious metal equities reduces firm specific risks while it increases the commodity exposure. The Precious Metals Champions Fund invests in the top 25 precious metal producers based on our ICG Alpha Scorecard with an interesting geographical mix and strong focus on value, low cost and low financial leverage metrics.
